PHOTOGRAPHY

WEDDING PACKAGES

HELLO.

I'm Jana. Owner and Sole Photographer at Jana Doucet Photography, and the one who will (hopefully) be with you all day on your big day.

I always say choosing your wedding photographer is a big deal. I only book clients I feel I mesh really well with. Your photographer will be with you ALL DAY LONG. Taking pictures? Absolutely. But also doing all the things you don't think about until it's happening: wiping your tears, crying alongside your parents and important guests, making sure you eat, helping you lift layers upon layers of dress when nature calls, reminding you of the importance of breathing.

My vibe is for my clients is to feel calmed, seen, heard, and understood by their photographer. I want you to be able to embody the day, embrace every emotion.

If this sounds like what you're looking for, you're in the right place.

FAQ'S

How do we book?

First, you check my portfolio and packages. Next we make sure I'm available for your date. Then we book a pre-booking consultation! This is a zoom chat, where we meet, and just make sure we mesh well. Your vision, my vibe. Then I send the contract, and a 25% retainer is sent to secure your date.

Do you travel?

Yes and no. I'll travel throughout Eastern Canada easily. Anything 80km from my home is subject to travel fees. I'm not a destination photographer, but if you have something in mind, we can chat.

How do you protect your images?

I show up with minimum 2 camera bodies, both with 2 memory card slots that will be photographing simultaneously. Once I get home, those are backed up on to an external hard drive, and then to an online server.

When and how do I get my photos?

Your gallery will be available online within 90 days of your wedding. This gallery stays online for 60 days. It's your responsibility to download them in that timeframe. After 30 days, the RAW images are deleted from my files, but I do keep the edited files and they can be reuploaded for a fee.
